To whom this may concern,

My name is Benjamin England and I am the Manager for Giggle Block Studios LTD. I am more than happy to extend an offer of recommendation of Finn Thomas Donegan.

I have known Finn for a few months by the date of this letter and I have known him to be a very dedicated individual who will strive to better himself even when it may not be explicitly required.

Whilst Finn was a Game Designer for our company, he expressed a clear expertise within his field as well as the dedication to not just finish a project but to finish it to an amazing standard.

Finn's understanding of game design as well as the technical capabilities of our industry made him one of the best Game Designers Giggle Block Studios LTD has seen to this date.

Finn holds my strongest recommendation for this position. I have no doubt or worry that Finn will be an excellent addition to your team as well as being able to go above and beyond his stated minimum.

Please feel free to contact me to further discuss Finn's previous role as well as his outstanding capabilities.

Best Regards,

Benjamin England
